KIN D - 2.0

Wired Actuator with Integrated Access Control

A complete access control system in the palm of your hand.

Full Access Control, No Trade-offs

- **Your Phone Is the Key:** Manual or automatic unlocking. No cards, fobs, PINs or readers.
- **Secure by Design:** 256-bit encrypted, time-based credentials, never stored in the lock.
- **Manage From Anywhere:** Users, schedules and audit trails, from phone app or PC.
- **No Infrastructure:** No servers, panels or internet. Unlimited sites and users.

Turns Any Electric Lock Smart

- **Any Electric Lock:** Strikes, maglocks, turnstiles, gates and garage doors.
- **Works With All Brands:** Retrofit existing hardware or use on new installations.
- **Discreet Install:** Connects to the low-voltage wiring of the electric lock.
- **Wide Temperature Range:** −40°F to 185°F (−40°C to 85°C) operation.
